

ISP-Accredited Victorian Government Secondary Schools

Below is a list of Victorian government secondary and P–9 / P–12 schools that have been accredited by the Department of Education to be a part of the department’s International Student Program (ISP) and enrol international students who hold a subclass 500 Student Schools visa.

ISP-accredited schools fall into two categories:

- Level 1 accredited schools: international students attending Level 1 accredited schools are required to live with a parent / guardian or a Department of Home Affairs approved relative.
- Level 2 accredited schools: accredited to market to international students and can provide homestay accommodation and additional welfare support services to international students aged 15 years and over.

For more information on features and benefits of individual Level 2 accredited schools, see: [Right School Right Place](#).

All other international student visa holders can study at these accredited schools or at any other non-accredited Victorian government school. To find a general listing of Victorian government schools, see: [Find my School](#).

Level 1 accredited schools appear in the table below with white backgrounds
Level 2 accredited schools appear in the table below with blue backgrounds
Accredited schools teaching out their remaining ISP students and not accepting new enrolments appear in the table below with grey backgrounds
